Condé Nast's Portfolio

New magazines come and go, but [The M Word](#) points to a new Condé Nast business publication called [Portfolio](#). If they can do for business what they did for technology with *Wired* and popular culture with *Vanity Fair* then I'm looking forward to *Portfolio*'s May 2007 release.

Michael,
This is the first time I have been to your blog and I just love it! Very exciting- I hope to use it as a model to update mine when I have some extra time. Will link you if you don't mind. -Nancy
