"Serieteket, the library for comics and graphic literature, is still unique among Swedish libraries. During our first ten years we have constantly strived to broaden our own and the reading public's conception of what comics can achieve as an artform. We want to be a place where you can read and check out comics and books about the rich history of the medium, and provide new impressions regarding graphic literature's potential through our exhibitions and special events."

My husband, 13 year old son and I are heading to Stockholm in 3 weeks. Thanks for the heads-up about Serietekat. We're fascinated by graphic lit and will be sure to make a stop there.

I wish I'd known about this when I was in Stockholm a couple of years ago. Very cool!
